12 - What suggestions do you have to improve this TA's ability to teach?

Response Rate	5/18 (27.78%)
<ul style="list-style-type: none"> • None! • go over different slides than what is presented in class • Maybe try to give more examples and not just go over the slides. • One suggestion I have is to be more specific with questions and what answer is being asked. Also, it is important to read over the slides before attempting to teach students the material. • Add extra notes outside of the slides
