12 - What suggestions do you have to improve this TA's ability to teach?

Response Rate	9/17 (52.94%)
<ul style="list-style-type: none"> • n/a • Providing clearer instructions to students on what is expected of them, slowing down when teaching a concept, allowing for more questions in class, and having better availability outside of class. • I really liked him and the format of this class. • Other TA classes are able to take their quizzes home and work on them so they usually get a higher grade on the quizzes. I think this would be nicer for other sections because they can learn the material easier and have an easy grade boost if they preformed poorly on the last test. • Needs to work on explaining things in a more simplified manner (explaining difficult concepts in a very simple manner is usually a result of deep understanding) and is usually the result of practice. He did get better towards the end of the semester, but there's still room for improvement • Don't just read off the slideshows on the board. Provide more in-depth reasoning that helps the class understand these concepts. • None, I really thought he explained the subject well and was always willing to help • N/A • No comments.

202301 Spring 2023 TA Evaluations

Course: ECON-2120-006: Principles of Macroeconomics: 202301-ECON-2120-006-10800-TA-Nwoye
Instructor: Chukwuma Nwoye *
Response Rate: 12/17 (70.59 %)

13 - What do you consider to be this TA's greatest strength?

Response Rate 9/17 (52.94%)

- I actually enjoy Mr. Nwoye's quizzes he gives each week and prefer them over the other assignments other TAs give.
- Knowledge of the material.
- The weekly quizzes really prepared me for the actual exam.
- he knows the topic very well, its just explaining it that is harder for me. but it also takes me longer to grasp this subject so that's not his fault.
- He really cares about the students and you can see it in his tone and actions
- Always prepared with slides and quizzes weekly.
- Being calm and explaining material slowly
- explaining topic in depth and visually.
- He knows the material well.

14 - What do you consider to be this TA's greatest weakness?

Response Rate 9/17 (52.94%)

- n/a
- The ability to teach a concept and connect the material in class. Teaching is very random and hard to follow.
- Failing to explain AS and AD graphs.
- It was a little hard to understand him, but he was truly trying to explain the topic. I also wish that he let us view our tests after we took them to see what got wrong, other classes were able to trade their phone for the test so there was no way for them to take pictures of it.
- lack of experience
- He gave weekly quizzes which is unfair becaus eother classes got to get easy 100s on YourTurns while my grade is struggling due to some quizzes.
- None
- hard to understand
- No comment.

15 - Additional Comments for this TA, if any:

Response Rate 3/17 (17.65%)

- He was amazing would love to have him again.
- n/a
- N/A
