<ul style="list-style-type: none"> • Quizzes and Exams were clearly communicated and zoom recordings helped and were extremely instructional! • Throughout the course, Professor Nwoye was great in explaining concepts. Every lecture, he ensured that each one was thoroughly detailed, making sure that we understood it. His devotion to preparing his students is clear, and I am so glad I had him for the summer semester. Even with the accelerated nature of the course, he was still able to teach effectively. In my opinion, his ability to teach so well is especially impressive, given that he is still a student himself. • Everything else was pretty good for a summer class, no unique thoughts there. • course was overall well put together and instructor encouraged engagement • My teacher was so kind and straight forward but also there when I had questions • The course design prepared me well for this class because I was unable to attend the virtual classes due to work commitments. Therefore, Professor Nwoye's outreach and reminders of deadlines were very beneficial. The practice problems provided for quizzes and tests were also very helpful for me when studying for the assessments. • I think this was a great summer class, informative but not overly time consuming. A few more grade opportunities might be nice! • I learned many principles of economics in the course and was very satisfied with the teacher • Clearly explained the layout of the course. Was open to discussion. Lectures were clear. • Dr. Nwoye clearly communicated what to expect on exams and provided us with practice exams for successful studying. • This professor was very clear on what was expected of us from the course. He made the materials easy to access, and really cared to make sure we understood the material for the exam. • This professor very clearly cares about the subject he is teaching. He did a great job at going much further than just reading off of slides in his lectures, and he constantly mentioned almost after every single example that if we were confused we shouldn't hesitate to email him. • Very good at explain topics • Professor Nwoye was extremely helpful throughout the entirety of summer with any question I may have had and was extremely clear on what he was looking for with each and every assignment. He had a very fast turnaround when it came to grading and I would recommend his class to anyone needing a micro credit. • I thought that the lectures were very helpful and gave me a good understanding of the different concepts. • The teacher was amazing. Taught in a way that was super easy to understand. Great class overall.
